PERSONAL

Reading, Music and Cricket

With over 18 years of experience, Sachin Mishra is a seasoned legal and governance professional with deep expertise in corporate governance, board advisory, legal strategy, and regulatory compliance. As General Counsel and Company Secretary at Tata Consulting Engineers, he plays a pivotal role in strengthening the organisation's legal and governance framework while supporting strategic business growth.

Sachin's experience spans contract and litigation management, mergers and acquisitions, intellectual property rights, arbitration and mediation, and policy advocacy. He has successfully overseen the drafting, review, and negotiation of a large volume of domestic and international contracts across sectors, including infrastructure, power, energy, metals, and chemicals. His ability to align legal strategy with business priorities has contributed to effective risk management and improved operational efficiency.

He has led several high-impact initiatives, including cross-border acquisitions, strengthening corporate governance structures, and implementing robust compliance systems. He has also been instrumental in developing and implementing key organisational policies, including anti-bribery and anti-corruption, data privacy, and POSH frameworks, ensuring adherence to evolving regulatory requirements.

Prior to joining Tata Consulting Engineers in 2014, he was associated with Tata Petrodyne Limited, where he handled global oil and gas contracts, mergers and acquisitions, and complex commercial arrangements across multiple geographies.

His professional contributions extend beyond the organisation. He serves as a Board Member of Ecofirst Services Limited and actively contributes to industry bodies, including the Confederation of Indian Industry and the Institute of Company Secretaries of India, where he is part of key governance and legal committees.

Known for his balanced and pragmatic approach, Sachin combines strong legal acumen with a clear understanding of business realities. He works closely with leadership teams to enable informed decision making, ensuring that legal frameworks support innovation, growth, and long-term value creation. His collaborative style and focus on building robust yet agile governance systems have helped foster a culture of accountability and integrity across the organisation. His work has been widely recognised through several prestigious awards, including General Counsel of the Year and Governance Professional of the Year. A certified TBEM Assessor, he remains committed to excellence, continuous learning, and strengthening governance practices in the industry.
