

TATA CONSULTING ENGINEERS
ENGINEERING A BETTER TOMORROW™

Engineering Better Outcomes Across Industries

Integrated engineering, project delivery, sustainability, and digital solutions for industrial and infrastructure projects.

Tata Consulting Engineers (TCE) is a global engineering consultancy with over six decades of experience delivering complex infrastructure and industrial projects worldwide. Our integrated capabilities span engineering, project management, sustainability, and digital solutions, helping clients create efficient, resilient, and future-ready assets.

Sectors We Serve

Power

- Thermal
- Nuclear
- Hydroelectric
- Renewable Energy
- Transmission & Distribution

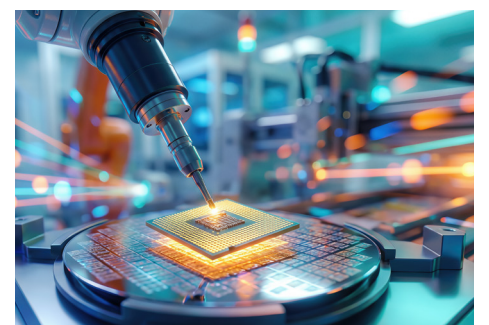

Mining & Metallurgy

- Ferrous Metals
- Non-Ferrous Metals
- Mineral Beneficiation

Hydrocarbons & Chemicals

- Green & Sustainable Chemicals
- Chemicals & Specialty Chemicals
- Refineries & Petrochemicals
- Agrochemicals & Fertilizers

Advanced Facilities

- Power Systems
- Green Technologies
- Advanced Manufacturing
- Materials & Metals
- Strategic & Defense Facilities

Our Services

Design & Engineering

- Project Concept Development
- Pre-Feasibility & Feasibility Studies
- Front-End Engineering Design (FEED)
- Detailed Engineering
- Owner's Engineer Services
- Environmental Studies & Reports

Sustainability Energy Transition Solutions

- Clean & Renewable Energy
- Green Infrastructure
- Green Fuels & Chemicals
- Energy Transition Technologies

Project & Construction Resource Solutions

- Technical Resourcing
- On-Site Resourcing
- Managed Services

Digital & Advanced Technologies

- Unified 3D Engineering
- 4D & 5D Simulation
- Building Information Modeling (BIM)
- Asset Digitization & Information Management
- Industry 4.0 & Asset Performance Management
- Product Engineering
- Advanced Facilities Engineering

Why TCE

64+

Years of Engineering Excellence

12,000+

Projects Delivered

60

Countries Served

\$50+ Bn

Projects Managed

Delivering integrated engineering, project management, sustainability, and digital solutions for complex projects worldwide.
